

Friends of Salt Springs Park, Inc.

Salt Springs State Park receives no financial support from the state — and because it is a state park we are not permitted to charge fees for admission. So, the Friends of Salt Springs Park rely on membership dues and donations to finance the maintenance of the 842 acres and 13 buildings that make up the park.

We are a private, nonprofit 501(c)(3) charitable organization. Donations are *tax deductible* as allowed by law.
