Autumn in the Park

Although the pace has slowed a bit at Salt Springs, visitors continue to enjoy all the park offers. Dozens of people attended the Halloween Fest on October 26. Chris Ricci and his volunteers completed stage two of his Eagle Scout Project. Hunting season began, and people are still camping in the park. Enjoy the autumn highlights in the photos.

Bluebird boxes along the Friends Trail. By George Schreck. September 30.

A dragon, with gold, lurking along the Hemlock Trail during the Susquehanna County Library's Hobbit Hike. October 5.

Spooky people (!) hanging out during the Halloween Fest. October 26.

News & Notes

Annual Meeting

The Friends' Annual Dinner Meeting was held Tuesday, October 29, at the Montrose Bible Conference. A short business meeting followed a delicious buffet dinner. Highlights included election of new board members, Mary Butler and Richard Jordan; a presentation on the year's environmental education programs, by Concetta Schirra; and acknowledgement of many of the volunteers who made 2013 such an exciting year at Salt Springs.

United Way Contributions

We recently received our third-quarter donations from United Way supporters. Thank you! You can also donate through the Community Foundation of the Endless Mountains (<http://www.community-foundation.org/>).

Apartment for Rent

One source of funding for the Friends is rental income. We rent out two farmhouses and a small apartment in the Wheaton House. Remember Dennis Wilson? Yes, that's where he lived. Our latest tenant has given notice that, because of job relocation, he will be moving out in late November or early December. So, unfortunately (he was a great tenant), we have an apartment coming up for rent.

Spread the word: It is small, most appropriate for one person. Second floor walk-up. Two rooms plus kitchen area (not sit-down) and bathroom. Some utilities included. Call 570-967-7275 or e-mail friends@epix.net for further information and application.
